

The Enrichment Resource Center PRESENTS

Fall 2021 Online Enrichment

Tuesdays

10/5, 10/12, 10/19,

10/26, 11/2, 11/9

4:00-5:30 pm

Grades 3-8
Register online
by 9/24/21

Anatomy of a Comic Book/Saratoga Children's Museum

Gr. 3-8

Students will have the opportunity to put their creativity to the test as they develop characters and story lines best suited for their comic book creations. They will story board their ideas, illustrate their characters, and letter their own graphic margins in order to create their very own comic book.

Bullet Journaling/Bridgette Connelly-Howe

Gr. 6-8

Bullet Journaling is a relatively new trend that combines writing and illustrating to organize ourselves and our goals. In this course, students will create their own Bullet Journal, which will focus on self-exploration and goal setting, while also accomplishing daily tasks in a colorful, personalized and meaningful way!

Get Wild!/Wilton Wildlife

Gr. 3-5

This interdisciplinary course explores the unique plants and animals of the Sandplains Ecosystem while covering the importance of environmental stewardship. Students will work together to conduct hands-on labs, experiments and create unique art projects.

Learn to Build Websites/Albany Can Code

Gr. 6-8

In this class, we will take students through the steps of creating a webpage using HTML and CSS giving students the tools and techniques needed to create web pages and websites. At the end of the session each student will have built their own webpage with customized content matching one of their interests. Students will create their own code and web pages using repl.it, an online coding tool.

Mystery Solved/Paul Phillips ^{NEW}

Gr. 3-8

Students will assume the roles of witnesses, suspects, attorneys, and judges as mock trials are conducted based on either literature or real-life cases. Sherlock Holmes mysteries are always featured. The cases for Fall 2021 are all new!
