## **Dental Health Certificate- Optional**

Parent/Guardian: New York State law (Chapter 281) permits schools to request an oral health assessment at the same time a health examination is required. Your child may have a dental check-up during this school year to assess his/her fitness to attend school. Please complete Section 1 and take the form to your registered dentist or registered dental hygienist for an assessment. If your child had a dental check-up before he/she started the school, ask your dentist/dental hygienist to fill out Section 2. Return the completed form to the school's medical director or school nurse as soon as possible.

Birth Date:	Section	n 1. To be comple	eted by Parent	or Guardian (Please Print)		
School: Nome    Second   Secon	Child's Name:		First	Middle		
Have you noticed any problem in the mouth that interferes with your child's ability to chew, speak or focus on school activities?  \[ \] Yes \[ \] No  I understand that by signing this form I am consenting for the child named above to receive a basic oral health assessment. Lunderstand this assessment to by a limited means of evaluation to assess the subcent's dental health, and I would need to secure the services of a dentist in order for my child to receive a complete dental examination with x-rays if necessary to maintain good oral health.  I also understand that receiving this preliminary oral health assessment does not establish any new, ongoing or continuing doctor-patient relationship. Forther, I will not hold the dentist or those performing this assessment responsible for the consequences or results should I choose NOT to follow the recommendations listed below.  Parent's Signature			Will this be your child's first oral health assessment? ☐ Yes ☐ No
