

Spring 2024

STEAM ACADEMY

@ Myers Education Center

15 Henning Rd., Saratoga Springs

Grades 3-8

Thursdays,
3:45 pm - 5:15 pm

March 7, 14, 21, 28
April 11, 18

Tuition: \$150 per student

Build It Up! / Saratoga Children's Museum

Gr. 3-5

Engineers are the great problem solvers of the world. This program introduces students to the world of engineering and the engineering design process. Learn how to think like an engineer as you design a solution to help solve our weekly dilemma.

Chocolate Academy / Saratoga Chocolate

Gr. 4-8

This class is an intermediate class for students that have previously attended Intro to Chocolate or have experience working with chocolate. Students will participate in advanced chocolate making projects.

Contraptions / Mr. Jacko

Gr. 4-8

A Monster Truck Rally...Design it, Construct it, and Power it! We will start the class designing and building a car out of wood using real tools. We will then learn how to power your unique creations using small electric motors, rubber bands, balloons, or sails, you decide! The class ends with an epic car race!

Project Pollinator / Wilton Wildlife

Gr. 3-5

Pollinators face many threats today. Students will learn about their movements all across the globe and bring awareness to the importance of pollinators and learn how they can help! Students will have the opportunity to get hands-on in games, get crafty, and contribute to pollinator protection by creating their very own bee hotels!

STEM Sampler / MiSci

Gr. 3-6

This class is a mash up of a few great programs designed to introduce students a variety of subjects. Each week we will work on one of our most popular STEM projects using hands-on activities. Crime Lab Science, Fun with Physics and Engineering Mission are just a few of the projects we will be working on.

Story Crafters / Kylee Shortsleeves

Gr. 3-5

We will introduce the fundamentals of creative writing and storytelling. Students will work on a new project each week including poems, short stories, and mini comic strips. Learn how to channel your imagination to create characters, set a scene and express an idea.

Sustainable Solutions / Sustainable Saratoga

Gr. 4-6

Each week we will introduce a new topic related to sustainability: urban forestry, pollinators, land use, zero waste and climate & energy. We will gain a better understanding how it impacts our environment locally and offer a positive approach to every-day solutions that make a BIG impact!
